

Saturday June 4

Field Event

12:00 - 16:30 | Workshop - Field | NASH Introduction to Hydrometric Data Collection workshop - Spray River in Banff

Sunday June 5

8:00 - 17:00	Meeting - Crocus	CWRA National Board Meeting
8:30 - 11:30	Workshop - Caribou	NASH QAGC
9:00 - 16:00	Workshop - Squirrel	Geospatial assessment of surface water quality in a watershed region
9:00 - 16:00	Workshop - Wolverine	CSHS Workshop: R for hydrologists
15:00 - 17:00	Exhibitor Space	Exhibitor Setup
12:00 - 16:30	Exhibitor Space	Icebreaker and Registration
18:30 - 18:30	ArtsPlace	Virtual Water Gallery

Monday June 6

	Orchid	Ladyslipper Virtual and Live	Arnica	Crocus	Wolverine	Caribou	Squirrel
7:00	Delegates Breakfast						
8:00	Conference Opening Ceremonies - Virtual and Live						
9:00	Keynote - Virtual and Live Robert Sisson – IJC US Commissioner Pierre Béland – IJC Canadian Chair/ Commissioner "Sustainability, Resiliency and Decision-Making in Transboundary Waters"					Posters	Posters
10:30	Coffee and Exhibitors						
11:00	Session 20a Indigenous water rights and management	Session 19a Sustainability, Resiliency, and Decision-Making in Transboundary Waters	Session 21a Developing ecological prediction systems related to environmental drivers	Session 2a Flood Risk – Connecting the dots from hazard to decision-making	Session 7a Designing for nature in riparian areas – Striking a balance between infrastructure and the environment	Posters	Posters
12:30	Lunch and Exhibitors						
13:30	Session 20b Indigenous water rights and management	Session 19b Sustainability, Resiliency, and Decision-Making in Transboundary Waters	Session 21b Developing ecological prediction systems related to environmental drivers	Session 2b Flood Risk – Connecting the dots from hazard to decision-making	Session 7b Designing for nature in riparian areas – Striking a balance between infrastructure and the environment	Posters	Posters
15:00	Coffee and Exhibitors						
15:30	Treaty 7 Cultural Event						
17:00	Alberta Branch AGM						
18:00	Exhibitor Reception						
19:00	SYP Brewery Tour						

Tuesday June 7

	Orchid	Ladyslipper Virtual and Live	Arnica	Crocus	Wolverine	Caribou	Squirrel
7:00	Delegates Breakfast						
8:00	Keynote Panel - Virtual and Live Michael Miltenberger, Merrell-Ann Phare, Ernie Campbell, Steve Nitah Transcending Jurisdiction: Towards Co-Governance of Canada's Great Watersheds					SYP AGM	
9:00	Session 20c Indigenous water rights and management	Session 2c Flood Risk – Connecting the dots from hazard to decision-making	Session 8a CSHS Session: Advances in hydrologic and hydraulic modelling	Session 24 Technology for promoting the collection, use and compilation of hydrometric data	Session 3 Frozen in the (Infiltration) Trenches: Verifying Cold Climate Green Infrastructure Performance	Posters	Posters
10:30	Coffee and Exhibitors						
11:00	Session 17a Climate Resilience and Adaptation Strategies for Canadian Infrastructure and our Water Resources	Session 27 Flood response/recovery work in BC	Session 8b CSHS Session: Advances in hydrologic and hydraulic modelling	Session 9a CSHS Session: Advances in monitoring our water resources	Session 25 Developing and Implementing a Regional Water Management Organization: Lessons Learned	Posters	Posters
12:30	Lunch and Exhibitors						
13:30	Session 17b Climate Resilience and Adaptation Strategies for Canadian Infrastructure and our Water Resources	Session 9b CSHS Session: Advances in monitoring our water resources	Session 8c CSHS Session: Advances in hydrologic and hydraulic modelling	Session 16 Tracer Methods in Hydrologic Studies	Session 18 Creek Hazard, Policy and Mitigation	Posters	Posters
15:00	Coffee and Exhibitors						
15:30	Poster Viewing and Exhibitors						
17:00	CWRA AGM						
18:00	Banquet						

Wednesday June 8

	Orchid	Ladyslipper Virtual and Live	Arnica	Crocus	Wolverine	Caribou	Squirrel
7:00	Delegates Breakfast						
8:00	Keynote Virtual and Live Gleeson-Kulchyski: Groundwater sustainability across scales: from partnering with Indigenous communities to contributing to global initiatives						
9:00	Session 30a Dialogue Session: Indigenous Perspectives on a Canada Water Agency	Session 9c CSHS Session: Advances in monitoring our water resources	Session 8d CSHS Session: Advances in hydrologic and hydraulic modelling	Session 1a The Integrated Assessment of Surface Water Groundwater interactions across a myriad of spatial scales	Session 11 CSHS Session: Use of R in Canadian hydrology	Session 4a Uniting the Country – Sharing Flood Mapping and Flood Risk Approaches across Canada	Session 5a Advancing hydrological forecasting systems across Canada
10:30	Coffee and Exhibitors						
11:00	Session 30b Dialogue Session: Indigenous Perspectives on a Canada Water Agency	Session 9d CSHS Session: Advances in monitoring our water resources	Session 29 Water resources assessment	Session 1b The Integrated Assessment of Surface Water Groundwater interactions across a myriad of spatial scales	Session 10 CSHS Session: Environmental flows in Canada and abroad	Session 4b Uniting the Country – Sharing Flood Mapping and Flood Risk Approaches across Canada	Session 5b Advancing hydrological forecasting systems across Canada
12:30	Lunch and Exhibitors						
13:30	Session 15 Decolonizing Water Governance	Session 6 Fireside chat with Senior CWRA Members	Session 26 Canada Water Agency: translating water science to policy	Session 1c The Integrated Assessment of Surface Water Groundwater interactions across a myriad of spatial scales	Session 14 Nature-based Stormwater Solutions	Session 28 Agricultural Water	Session 5c Advancing hydrological forecasting systems across Canada
15:00	Coffee and Exhibitors						
15:30	Conference Closing and Student Awards Presentations - Virtual and Live						
17:00	Plein Aire Virtual Water Gallery / CSHS White Water Rafting and Bar Night						

Thursday June 9

Workshops and Tours

9:00 - 12:00	Tour	Global Water Futures Fortress Mountain Snow Observatory Visit
9:00 - 14:00	Tour	Debris Flood Mitigation Structures in the Bow Valley – Technical tour
9:00 - 14:00	Tour	Raft Tour of Bow River Erosion Control and Flood Protection Projects in Calgary
9:00 - 16:00	Workshop - Wolverine	CANCID Irrigation Design Workshop
9:00 - 16:00	Workshop - Caribou	Canadian Hydrological Forecasting System
9:00 - 16:00	Workshop - Squirrel	Hydrological Forecasting System Development
